2. Introduction

This document defines the changes made to the Information Manager 4 (TFL) product for 8001624580 – WORK_ORDERS_AUD2 trigger used by the Certification POD. Since this is an adhoc fix, newer released fixes that affect the following areas will also include this fix: TRIGGER WORK_ORDERS_AUD2

After reading through this document, should you have any further training or consultancy requirements then please contact your Bentley account manager.
